

Kia ora koutou
Dear Parents and Whānau

Junior Parent Evening: We are offering an opportunity at the end of this term for parents/whānau to meet with teachers of junior (Years 9 and 10) classes. This will be held on Thursday 2 July 4 - 8pm. If the demand is higher than we can cope with, a further opportunity will be considered early next term.

Virtual Careers Expo for Senior Secondary Students: This is an opportunity for students to explore some of the country's best tertiary education and pathway providers through a Virtual Careers Expo that will be held:

- 18 June from 12pm to 8pm
- 19 June from 9am to 5pm

Students can:

- explore the Virtual Careers Expo Hall
- visit more than 30 stands hosted by exhibitors from across New Zealand
- chat live to staff and student ambassadors
- watch on-demand video presentations
- explore the virtual campus

Over 40 tertiary education providers, including all eight New Zealand Universities, plus a range of Polytechnics, Te Wānanga o Aotearoa and Private Tertiary Providers will take part in the Virtual Careers Expo run by Media Design School in Auckland and Torrens University Australia. Interested students can register at: <https://www.mediadesignschool.com/virtual-careers-expo#register-now>.

School Donations Scheme: This year the Board of Trustees opted into the School Donations Scheme. We are now required to consult with our school community regarding feedback on the Ministry's school donations initiative in which schools are getting funding instead of asking for donations from their parents/whānau. If you would like to give

feedback, please email the Board of Trustees Chair, Andrew Gordon southfarms@xtra.co.nz

Health Programme Survey: Schools are required to consult on the Health Programme they offer, particularly with regard to the sexuality education component. [Attached](#) is an overview of the Health Programme offered at HPC and following is the link to a brief survey for feedback on this. We would appreciate any [Feedback](#) to our current programme. Many thanks.

Timetable Next Week (Week 10): Next week's timetable will be the same as this past week i.e. On Monday, students will see all their teachers for one hour, followed by blocks of learning mid-week and then Friday students will see all teachers again.

With **winter sports** now underway, can everyone please note the following:
