## Teaching and Learning Under Level 4

Kia ora koutou

- Following today's announcement, we are moving to the following learning from home arrangements at least until there is a shift in levels.
- The **timetable** for online teaching and learning under Level 4 is in this link [📄 Online Timetable](#) . These are the times when staff are available for classes via Google Meet, and/or to respond to emails from students. Students have also been sent information via their Deans.
- The Tuesday afternoon and Wednesday **break** is designed to enable students to catch up and get ready for the next two days. Hopefully this will ensure that students are not feeling overwhelmed with trying to keep up.
- Teachers will be posting work and teaching materials on **Google Classroom**. All online materials will be made available for students for Monday and Tuesday by Sunday 3pm and for Thursday and Friday by Wednesday 3pm. This will give students time to familiarise themselves with the information before the learning block.
- Teachers will inform students if they are arranging for a **Google Meet** at a specified time within the learning block. We are aware that many families have unstable internet connections which makes Google Meets difficult. Those students should be able to follow the posts on Google Classroom and are encouraged to email their teachers if they are unsure of what to do.
- If your child requires a **chrome book or hard copies** of work, please go to [this link](#) and fill out the register. We will then make contact with you regarding delivery or pick up arrangements.
- If your child is experiencing **difficulties with their learning**, please email the teacher in the first instance and let your child's Dean know. We can then organise for some extra support to be put in place.

Kind regards

Ngaire Harris
