## From the Board

As you would likely be aware, the Board of Trustees have respectfully accepted the letter of resignation of our Principal Ngaire Harris from the Principal's role here at Hauraki Plains College. The need for the Board to communicate with you all regarding the Principal Appointment process has arisen. This is just a brief update on what the board sees as the consultation process giving everyone the chance for input to allow us to gather information for the Principal's application pack.

The Board is embarking on a search for the next Principal of Hauraki Plains College. Preparation for the appointment process is still in the early stages but we are keen to invite input from our staff, students and the community. This information will be focused around the most important qualities and attributes they would like to see in the person selected to lead our school into the future. This is your opportunity to identify priorities and contribute to the Person Specifications that will assist us in our search.

Later next week we will be sending a survey out to the wider community requesting your thoughts on what you see are key attributes as we begin the process of finding the new Principal for Hauraki Plains College.
